

Best practices and Tips

Best practices:

- Clearly define your business objectives when you start a mentoring program
- Align the program objectives with the strategic goals of the organization
- Create a clear agenda to avoid receiving discouraging feedback or program dropouts
- List the right KPIs in the program plan and make them tangible for your mentee

Tips:

- Prepare the mentoring program plan in advance
- Build a proper marketing plan to ensure program prosperity
- Arrange surveys and performance reviews to track progress and scalability
